Organic Inputs

Pricing for retail packaging will vary

| SI No | Product | Description | Price |
|-------|-----------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------|
| 1 | Pongamia Powder | Excellent organic nitrogen supplement (18 times that of ordinary compost) and also acts as a natural soil-borne pest repellent, pesticide when soaked in water and the residual water is filtered & sprayed. | Rs. 40 per kg |
| 2 | Panchagavya | Perfect growth promoter of crops and used in seed treatment. A 3- 5% solution of Panchagavya is recommended while application. | Rs. 150 per liter |
| 3 | Fish Oil | Growth promoter and an organic pesticide. 3- 5% diluted with water is recommended for usage. | Rs. 300 per liter |

Janadhanya Farmers' Federation

| | | | |
|---|--------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------|
| 4 | Puchimarundu | A plant based herbal insecticide used against different types of leaf eating and pod boring caterpillars and to some extent against sucking pests. Contains Neem extracts, Vitex nigundo leaves, Clerodendron leaves, Calatropis leaves and Aloe vera extracts. | Rs. 150 per liter |
| 5 | Vermiwash | For growth, Dilute one liter of vermiwash in 7 liters of water and spray as a foliar spray during the late evening hours. An equal mixture of vermiwash and cow urine(1 liter each) in 10 liters of water acts as a biopesticide and liquid manure. | Rs. 120 per liter |
| 6 | Vermicompost | Containing water-soluble nutrients, vermicompost is an excellent, nutrient-rich organic fertilizer and soil conditioner. Application of vermicompost helps improve soil aeration and enhances germination of seeds, plant growth and crop yield. | Rs. 12 per kg |

Food Products

| SI No | Variety | Description | Price |
|-------|---------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------|
| 1 | Little Millet Rice | A healthy substitute for rice, Protein and calcium rich. As it takes longer to digest, it releases glucose steadily during digestion preventing blood sugar fluctuation as is with rice. | Rs. 80/- per kg |
| 2 | Foxtail Millet Rice | Releases glucose steadily during digestion without affecting blood sugar. Thus great for diabetics! As a food habit can bring down the chances of diabetes in young. Used as a substitute for rice. | Rs. 70/- per kg |
| 3 | Finger Millet Rice | Great in iron, calcium and fiber content. Ideal for women, elders and children. Brings down the chances of anaemia in women, low calories, gluten free. | Rs. 35/- per kg |
| 4 | Kodo Millet Rice | Antioxidant and naturally gluten-free, it can be used as a healthy substitute for Rice as it is a smart carb with lots of fiber and low simple sugars. | Rs. 100/- per kg |
| 5 | Finger Millet(Ragi) Flour | Tasty and made from local indigenous varieties of Ragi. Flavorful and delicious. | Rs. 40/- per kg |

Janadhanya Farmers' Federation

| | | | |
|----|---------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------|---------------------|
| 6 | Rice Flour | Rice Flour made out of indigenous rice varieties giving the flour a unique shade of red, with great fiber, calcium, iron contents. | Rs. 40/- per kg |
| 7 | Little Millet Flour | Same Flour for those who do not eat rice, this can be mixed in Chappati, Roti or dosa for a protein rich experience. | Rs. 90/- per kg |
| 8 | Tur Dal | Tastier and consistently cooking grains. Unpolished - keeping the protein, fiber and calcium content intact. | Rs. 130/-per kg |
| 9 | <i>Little Millet Rava(Broken Rice)</i> | A healthy substitute for rava, with same qualities as little millet, only tastier! | Rs. 85/- per kg |
| 10 | <i>Papads(Tomato, Rice, Ragi and Wheat)</i> | A great snack for people who cherish south Indian nostalgia! | Rs. 40/- per 50 num |
